Production Footprint:	45,000 Sq Ft Cold Warehouse	Delivery Fleet Assets:	22 Refrigerated Freightliners

1. Executive Summary & Investment Highlights

Atlantic Beverage & Bottling Corp is an established regional beverage bottler, contract packager, and Direct-Store-Delivery (DSD) distributor operating across the Mid-Atlantic corridor for over 15 years.

The business distributes high-velocity bottled beverages, craft functional sodas, and proprietary cold-brew teas to 142 premier retail grocery stores, regional convenience chains, and foodservice institutions.

With audited FY2025 revenue of \$18,500,000 and Normalized EBITDA of \$3,650,000, the company demonstrates pristine financial records audited annually by Grant Thornton LLP.

Investment Merits:

- **Pristine Audit Quality:** 5 consecutive years of clean, unqualified GAAP audits.
- **Low Customer Concentration:** No customer exceeds 11.5% of sales; top 5 accounts represent only 43.5%.
- **Expansion Capacity:** Automated Krones high-speed bottling line operates at 65% capacity, enabling \$10M+ in revenue growth without material CapEx.

2. Financial Track Record & Historical Performance

Atlantic Beverage has generated strong top-line and EBITDA expansion driven by route density gains and direct-store-delivery economies of scale:

Financial Metric	FY2021	FY2022	FY2023	FY2024	FY2025	CAGR
Gross Revenue	\$11,800,000	\$12,900,000	\$14,200,000	\$16,100,000	\$18,500,000	+11.9%
Gross Profit	\$5,664,000	\$6,192,000	\$6,816,000	\$7,728,000	\$8,880,000	+11.9%
Gross Margin	48.0%	48.0%	48.0%	48.0%	48.0%	Stable
Audited EBITDA	\$2,242,000	\$2,515,000	\$2,803,000	\$3,179,000	\$3,650,000	+13.0%
EBITDA Margin	19.0%	19.5%	19.7%	19.7%	19.7%	+70 bps

3. Infrastructure & Distribution Logistics

The business operates from a modern 45,000 square foot climate-controlled facility with 12 loading bays and dedicated racking for 2,400 pallets.

Manufacturing assets include an automated Krones 600-BPM bottling line (installed new in 2022) with automated CIP sanitation and packaging robotic cell.

The distribution fleet comprises 22 late-model Freightliner M2 refrigerated delivery trucks maintained under full-service OEM fleet contracts.
